

CHANNEL CURTAIN TRACK Storage Guide

The iWeiss Storage Guide is installed in line with a system's carriers on the offstage side of each carrier, used to prevent the drape from folding prior to storage. The drape only begins to fold as the curtain reaches the end of travel, minimizing stacking space.

TECHNICAL DATA

Part # IWC12 - 3/16" Rope Guide
IWC13 - 3/8" Rope Guide
IWC14 - 1/2" Rope Guide

Materials (1) Single Steel Plate with
(2) Rubber washers

Dimensions 7/8" w x 7 5/16" h

Weight .2 oz

Max Travel Recommended not to
exceed 80'
