

I-BEAM CURTAIN TRACK

Extended Pipe Track Bracket

The Extended Pipe Track Bracket creates easy 360 degree mounting of standard I-Beam track system to 1½" pipe. It is primarily intended for attaching to the upper pipe on pipe grid systems. This arrangement allows for the bottom of curtain track systems to be installed just 4 7/8" below the hanging pipe and level to tracks on Low Pipes using low pipe track bracket. Bracket has black finish.

TECHNICAL DATA

Part #	P309XW
Materials	3/16" Steel Plate, welded square tube
Dimensions	4 1/2" w x 4 7/8" h x 4 7/8" l
Weight	1.2lbs
Load Rating	1000#
