Dear Valued Customer,

I am sure you share our optimism as industry begins to recover following the COVID-19 pandemic and related shutdowns. As eager as we are to resume full operations, we continue to feel the impact of this series of unprecedented events.

Supply chain disruptions compounded by overwhelmed cargo and logistic industries have temporarily reduced our inventory and, like many other companies, we are facing a manpower shortage. Due to the nature of our work, projects cannot run short staffed as worker safety is our top priority. As a result, our lead times have been and will continue to be extended.

We appreciate your flexibility and understanding as we tackle these uncontrollable forces.

Sincerely,

Jennifer Tankleff
President
