

IWEISS

CHANNEL CURTAIN TRACK Clamp Hanger

The IWEISS Channel Track Clamp Hanger is a pair of formed steel plates that bolt together above the top of the track. There is a hole provided above the bolted connection for independent suspension of track or attachment of track to pipe support. Hanger can be mounted anywhere along the track's length without impeding travel and is spaced based on the system's weight requirements.

TECHNICAL DATA

Part #	IWC06
Materials	12 ga Zinced Formed Steel
Dimensions	2"w x 5 3/4"h
Weight	.8 lbs
Load Rating	For System Capacity see Carrier Capacity information
Note	Maximum hanger spacing 7'-0"
