CHANNEL CURTAIN TRACK Storage Guide

Align Stage
Rigging
Equipment
by IWEISS

The IWEISS Storage Guide is installed in line with a system's carriers on the offstage side of each carrier, used to prevent the drape from folding prior to storage. The drape only begins to fold as the curtain reaches the end of travel, minimizing stacking space.

TECHNICAL DATA

Part #	IWC12 - 3/16" Rope Guide IWC13 - 3/8" Rope Guide IWC14 - 1/2" Rope Guide
Materials	(1) Single Steel Plate with (2) Rubber washers
Dimensions	7/8" w x 7 5/16" h
Weight	.2 oz
Max Travel	Recommended not to exceed 80'
