RIGGING EQUIPMENT

Pipe Grid - Hanger Spacing

6' Hanger Spacing (50 plf)

20' x 20' Pipe Grid

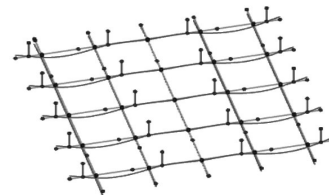

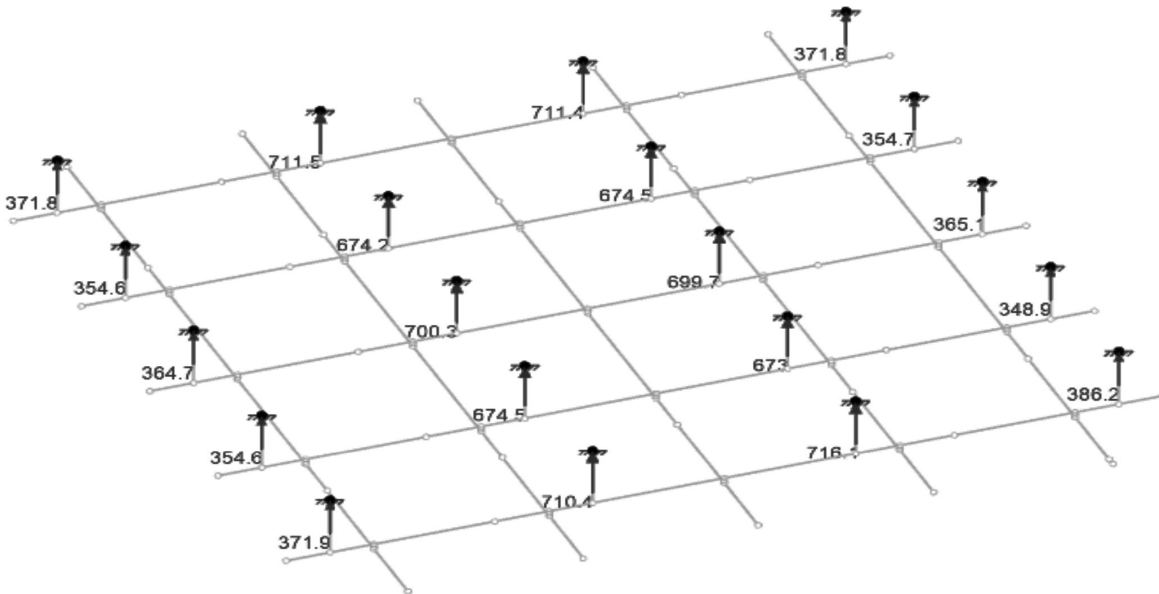

4' x 4' Pipe Spacing

6' x 6' Suspension Hanger Spacing

Loads shown are maximum potential loads imposed on suspension hangers with pipe grid fully loaded

Analysis and loading data provided by 3rd party licensed engineer.

This is intended to serve as an example only. Loading conditions from project to project may vary.

DEFLECTION MAX = 1/4" APPROX

Max Deflection meets L/180 design criteria
