

IWEISS

LOW PROFILE CURTAIN TRACK Tension Pulley

Align Stage
Rigging
Equipment
by IWEISS

The IWEISS Tension Pulley contains a single nylon pulley attached to spring tension housing. This allows for proper cord tension during the operation of the curtain track system. The base has a pivoting mount that allows for installation on flat floor or vertical wall surfaces.

TECHNICAL DATA

Part #	IWLP-08
Materials	- Nylon Pulley - Spring tension body - Pivot mount foot - Silver Zinc finish
Dimensions	6" x 0.6"
Weight	1lbs
